About the Project

Becoming Wichita Women is a collaborative anthology book project and relational experience led by Danielle Ramirez (Quiet Storm Services LLC) and a core team of leaders. Building on the foundation of the foundational 2022 book (*Being Wichita Women*)—which brought together a diverse group of 30 women, distributed over 1,500 copies, and reinvested more than $7,000 into local community organizations—this next volume weaves a brave storytelling space with up to 44 women and gender diverse individuals that have a strong connection to Wichita.

Why Contribute A Story?

- Reclaim your story and spark meaningful change across the community while elevating the core themes: joy, connection, trust and liberation
- Bridge lived experience with somatic, social, systemic, structural and/or spiritual frameworks
- Positions personal narrative as a vital tool for community record-keeping, restoration, and collective power-building
